

TO: This Honorable Court / Judge Philip G. Reinhard,

I'm writting in regards to the

attorney that the Court has appointed to represent me on my current case No. 16-cv-50337 that is in front of His Hon. Judge Philip G. Reinhard. It is clear to plaintiff that after review of his medical/mental health records that there is sufficient evidence to strengthen the claim of indifference but due to the fact that the ties of Plaintiff's current representation geographical proximity & ties to the legal community of Whiteside County, he feels that his current attorney is reluctant to explore the issues in his medical/mental records as well as the issue of if legally the deputies & corporals of a County Jail are allowed to handle an administer prescription & narcotic medication without a license. It has been made clear to Plaintiff that his current court appointed counsel won't be filing an amended complaint including the issues raised above which this Honorable Court should be receiving either before or after receipt of this letter. Plaintiff now understands that certain issues brought up in the original claim will be better addressed in the court of the respective county which will probably be excluded from the original complaint, but he prays that the remaining issues that the Court has found valid will not be dismissed and also that the Court consider appointing Plaintiff an attorney that isn't from the surrounding area of Whiteside County so that the issue above can be addressed properly and put into an amended complaint as soon as possible. Thank you for your time.
